

## 306090 06: Shifting Infrastructures (v. 6)

This new journal, fast becoming a staple in the architectural community, aims to revitalize, reform, and rebuild the profession by showcasing the work of promising students, young designers, and innovative educational institutions. Each volume addresses a pressing architectural issue and offers diverse, cross-disciplinary solutions in the form of projects, ideas, buildings, and other media. 306090 06: Shifting Infrastructures focuses on the influence of communication systems, data and material distribution, and other new technologies on existing physical and cultural infrastructures. The volume includes work from AUDC, Daniella Fabricius, Gnuform, Emily Eastman, Designlab, and others.
