

Victoria: Bedrooms: Private Worlds & Places to Dream

Design a bedroom that's just made for sweet dreaming and relaxation! Whether it's your own personal retreat; the master suite; a comfy nursery; teen hideout, or guest room, here's how to make it great. Take advantage of fabric applications; focus on unexpected pleasures that delight the eye (like a grouping of antique frames); and express your individual taste, from airily romantic to richly dramatic. You'll even learn tricks for transforming unusually shaped spaces--like sloping attic bedrooms--into something special!
