

Triadic World (Triadic Texts Book 3)

Triadic World encapsulates 50 years of thinking in 203 short, punchy statements to help activate the imaginations of planners, designers, architects and social visionaries of all persuasions. It looks past oil and cars to a new world of cyber-communities that are walkable high-tech, and eco-sufficient, where education is safe and built on curiosity and poverty is eliminated by the simple spread of respect for all. Triadic World is certainly worth the price of a cappuccino. Its worth a power-point presentation in any office. It solves the warming problem in a single stroke. It could bring a fortune to the right entrepreneur.
