

# A Time for Fusion: A Spiritual Guide for America to Work Toward Globalization and a Coalition of Nations

Fusion offers a backward look at the policies of American and how these policies have failed to advance the broad goals for America. We did come out of World War II at a high point in the ascendancy of America, but we lost that high point with our failed attempts to rule the rule as per the Heartland theory which guided the policies of western nations for many years. Now is an opportune time for America to work to become one of many nations and to work on the issues of water, food, and health of nations. We offer a model for fusion.
