

Allah & Elohim: Are They the Same God?

On 11 September 2001, the whole world watched the most horrific and painful event taking place before their eyes. Terrorists attacked the United States World Trade Center and the Pentagon by using planes as guided missiles. Both of the 110-story buildings of World Trade Center collapsed within one hour, and more than 3,000 people died. These events have raised many serious questions about the religion of Islam, Allah, Mohammed and Muslims because all the 19 hijackers were Muslims, and they did this horrible act purposely, to kill thousands of people. Many are looking for answers and many are curious to know more about Islam...the worlds second largest religion. Many are curious to know what Jihad is and why Muslim young men behaved like this. Many are asking, are not Allah and Elohim/Yahweh God same? Are the Muslims worshipping the God of Abraham, God of Isaac and God of Jacob? In this book I have tried to delve into the scriptures of both the Quran and the Bible to find out answers to the questions. I have compared God of the Bible and Allah to know whether the Christians and the Muslims worship the same God or not. I hope this book will help clear most of the questions troubling your mind. May the Almighty God open your eyes of understanding, so that you may know the truth and be blessed! In Allah and Elohim, Sherly Isaac documents her search for the answer to the all-important question Allah and Elohim the same God? Using scripture quotations from the Bible and Quran along with key conversations with several followers of Islam, Isaac weighs the facts and uncovers the truth. This book will be a helpful reference tool for the libraries of people of all faiths.- Ella Robinson, editor
