

Angling Holidays: In Pursuit of Salmon, Trout and Pike (Classic Reprint)

Excerpt from Angling Holidays: In Pursuit of Salmon, Trout and Pike It is with some misgiving that I have yielded to the pressure put upon me by brother fishermen, and thus added one more to the already long catalogue of angling books. But this is not a fishing book of the orthodox pattern; it is a gossipy record of a sportsmans experiences. If there appears an absence of connection between some of the chapters, let me explain that many of them were written as letters at various periods, to beguile the lonely evenings of a solitary angler in remote fishing quarters. These articles were never designed for publication in book form, but the lovers of all that pertains to angling will, none the less, I hope, find some entertainment in their perusal. A few of them have previously appeared - in substance - in the Illustrated Sporting and Dramatic News, and my thanks are due to the courtesy of the proprietor of that journal for his consent to their reproduction. Wherever I could do so, I have given full and accurate details of the places fished, and how the fishing is obtainable; but this has not been possible in the case of private waters. It has also been necessary to use fictitious names, in a good many instances, in order to disguise the identity of individuals. With these brief words of explanation and introduction, I commend Angling Holidays to the perusal of all true disciples of Isaac Walton. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of

imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
