

[Leadership and Management for Nurses: Core Competencies for Quality Care] LEADERSHIP AND MANAGEMENT FOR NURSES: CORE COMPETENCIES FOR QUALITY CARE] By Finkelman, Anita Ward (Author)Feb-25-2011 Paperback

This completely revised text offers a current perspective on leadership and management in nursing, and gives nurses a thorough understanding of what it takes to lead in delivering quality health care. LEADERSHIP AND MANAGEMENT IN NURSING, 2/e reflects the Institute of Medicines influential framework, emphasizing five core competencies: providing patient-centered care; working in interdisciplinary teams; employing evidence-based practice; applying quality improvement; and utilizing informatics. Updated throughout, it contains a new chapter on evidence-based practice and management; expanded coverage of quality improvement; new Evidence for Effective Leadership and Management features; innovative Application to Your Unit features; coverage of healthcare reform; expanded activities and resources; improved and streamlined organization; an integrated and expanded glossary; and much more.
