

A Smokers and Dogs Guide to the Gal-Alexy

A Year of random thoughts which lead me from insanity to sanity and back again. By Bess Howard McPherson A Smokers and Dogs Guide to the Gal-Alexy ISBN: 978-1-84747-183-3 Published: 2007 Pages: 90 Key Themes: mania, psychosis, spirituality Description Bess Howard McPherson brings us her thoughts in this explosive and intimate biography. Bess experiences as a sufferer of mental illness, a life as a psychic and a divorcee are all included in this testimony. This is a classic Chipmunka book; full of humour, emotion and alternative ideas. About the Author The beauty of being a psychic is that one is never alone. My channel is usually extremely overcrowded and hectic. Sometimes I cant help wishing that those dear people who have passed would give me some peace for my own thoughts! I needed medication in order to live with my husband who, with hindsight, I consider to be completely insane. I also needed medication to help me survive the war zone that was my divorce.
