

A Classical Drift

With nearly fifty years of fly-fishing experience, over ten years as a Montana fishing guide, and a lifetime of enjoying the great outdoors, Rocky Miller brings together his first unique collection of fly-fishing and outdoors stories in A Classical Drift. There are great fishing stories of fiction and non-fiction, serious pieces and humorous ones that will keep you entertained throughout the read. There are reflections and reminisces of past joys that bring an appreciation to the sport of fly-fishing from the heart. Even if you have never spent much time in the outdoors or have never been a fly-fisher person, after reading this book, you may find that you would like to become one.
