

## Game Fishing Diaries: Details from fishing in life

Fishing is a bit more important than a mere hobby. Everyone who fishes knows that. There are lots of how to books about fishing: books that will help you get more fish; books that will help you get bigger fish; books that will immerse you in details about matching the hatch; books that will teach you new and innovative ways to fool your chosen quarry. This is not one of those books. Game Fishing Diaries is a book to read when you need reminded of why its important to go fishing; a book to transport you to your favorite place and a book to whet your appetite for that exotic trip youve yet to take. Game Fishing Diaries is a book to keep you warm in the close season. Treat it like you would your own diary; keep it close to hand, make it a personal pleasure and read it often when you need reminding how good it is to feel a fish on the line.
