

Descriptions and Explanations - Communication Cards

Descriptions and Explanations Cards
Improving describing and explaining skills
Alison Roberts. This activity is designed to help young people to improve their skills of describing and explaining; two important areas of narrative work. Sometimes although ordinary sentence structures may be managed fairly well, a student may struggle to describe a process or account for an outcome. There are 60 cards in this set, consisting of 30 Describe cards, and 30 Explain cards. The Describe cards aim to help students to practise and develop the ability to narrate a process, eg how to make a sandwich. The Explain cards promote the ability to tell others how a situation has come about. 60 cards + booklet Age 12+.
