

Living In Paris

The Living in... series takes you on an armchair visit of the houses, gardens, museums and palaces of the worlds most beautiful countries and cities. From Norway to Istanbul, from Portugal to London, discover the neglected treasures and hidden delights of regions which still harbor secrets to enchant even the most world-weary traveler. And for those inspired to visit, each volume includes an exclusive travelers guide. In Living in Paris, Jose Alvarez provides the context-historical, literary, artistic, etc.-while Christian Sarramon and Nicolas Bruant provide 400 color photos of the buildings, the interior design, the neighborhoods, parks, gardens, shops, ateliers, museums and hangouts preferred by those who live in the city of lights. The book ends with a lengthy Visitors Guide listing addresses, phone numbers and descriptions for hotels, shops, restaurants, stores and more for each neighborhood.
