

Workbook for Emergency Medical Technician: Making the Difference, 1e

With a variety of question formats for different learning types, this workbook extensively tests student knowledge of EMT concepts and skills learned in *Emergency Medical Technician: Making the Difference*. Special complete the skill questions test students specifically over hands-on skills, while short answer and complete the chart questions ask students to explain concepts in their own words. The workbook also includes an answer key at the end of each chapter, providing instant feedback for students to can check their comprehension. Perforated pages make it easy to turn in assignments, and National Registry Skills Sheets at the back of the book are perfect for quick reference on hands-on skills. Plus, the full glossary from the main text makes looking up new terms quick and convenient! Over 1,500 questions in matching, short answer, multiple-choice, fill-in-the-blank, complete-the-chart, complete-the-skill, and figure labeling question formats test students knowledge. Questions written by an education professional with years of experience in the EMS field ensure that they are educationally and factually sound. Answers included at the end of each chapter allow students to easily check their answers. National Registry Skills Sheets in the back of the book show students each skill the NREMT tests, step by step.
