

Exploring the Major Faiths: The Book of Religions

Exploring the Major Faiths is an introduction to the five major world religions - Hinduism, Judaism, Buddhism, Christianity, and Islam. These are the faith traditions that have shaped human history, societies, cultures, indeed entire civilizations. The Book of Religions is an unbiased presentation of the major faiths, one that introduces readers to the prime characteristics and distinctive features of each. It focuses on the essential and most significant elements of each religion. Exploring the Major Faiths organizes the diverse doctrines and practices of these exotic religious traditions into a format that allows readers to compare similar aspects of different faiths. The book presents each tradition with eight standard chapters: Introduction, Beliefs, History, Scripture, Practices, View, Features, and Vocabulary. This new third edition of the Book of Religions includes illustrations, a general religious glossary, individual vocabularies, and comparison charts.
