

Brigdens Operating Department Practice

This text is designed to be a one-stop reference that is clear, but detailed, and provides a guide to current principles of practice within the operating theatre. The book's updatable looseleaf format ensures that the information remains current and easily accessible. This edition has a change in emphasis from techniques to practice, reflecting the emerging focus of nurse education in this field. Coverage is detailed and practical, with tables, quick-reference lists and headed sections for easy access.
