

## Get Through First FRCR: MCQs for the Physics Module

Completely up to date with the latest examination changes, *Get Through First FRCR: MCQs for the Physics Module* offers a valuable insight into the new Physics module of the First FRCR examination. Over 200 5-part True/False MCQs are presented according to syllabus topics, accurately reflecting the content, style and level of difficulty of the actual examination questions. All answers are supplemented with clear, detailed explanations to develop candidates understanding and to explain why their answers are right, or wrong. Featuring a wealth of practice MCQs plus one full mock examination, this book has been designed for candidates to assess their knowledge, identify topics that require further study and to build up confidence in preparation for the exam day. Written by Specialty Trainees in Radiology, under the guidance and expertise of Jerry Williams, Consultant Medical Physicist, *Get Through First FRCR: MCQs for the Physics Module* is the essential revision tool for all First FRCR candidates preparing for the newly revised examination.
