

A Core Curriculum for Nurse Life Care Planning

A Core Curriculum for Nurse Life Care Planning helps registered nurse life care planners prepare to take the CNLCP credentialing exam and serves as a foundation for a successful nurse life care planning practice. This textbook is based on the nursing process of assessment, critical thinking, and nursing diagnoses, and it also covers applying nursing research, evidenced-based practice, case management skills, and legal nursing practices. Written by practicing nurse life care planners and peer-reviewed by AANLCP member nurse life care planners, this core curriculum includes basic nurse life care planning knowledge on the history of nurse life care planning The use of critical thinking in the life care planning process How to critique a life care plan How to address spinal cord injuries, traumatic brain injuries, chronic pain, amputations, burns, cerebral palsy, and considerations with aging How to understand disability rights laws The legal aspects of nurse life care planning Litigation processes Providing a foundation to encourage nurse life care planners to research and learn, A Core Curriculum for Nurse Life Care Planning offers a valuable resource for nurses practicing in this field.
