

The New Invention Of Bicycle

I always use a bicycle wherever I go, that time, I was thinking how this bicycle can go faster? and everyone is back using a bicycle, so that the air around us would not polluted anymore. I researched for a year more, in the end I found out about this tool. read, create, and see for yourself. (images included)if you buy this book, it means that you have participated to help orphaned children in my town. partly from the sale of this book I will donate to them.or, if you have money to spare, please visit <http://www.rumah-yatim.org/>I would feel happy if you could help them, even if you do not buy my book.There is one more discoveries that I have observed a few months ago, so just wait to hear from me.with love and peace.
