

First Time Fitout: How to Lease, Design and Build Your New Office

First Time Fitout explains how to lease, design and build or refurbish your new business premises. George Gatt is a professional and highly experienced carpenter and Clerk of Works with impeccable credentials in project management. This book clearly guides you through one of the most complex and potentially expensive activities most companies will ever undertake. The implications of getting it wrong can be horrendous. George helps you avoid common rookie traps, understand project management language and terminology, explains how to instruct builders, and provides insider checklists that will help you manage your project on time and on budget.
