

Pagan Portals - Irish Paganism: Reconstructing Irish Polytheism

Irish Reconstructionist Polytheism is an often misunderstood path, but it is one with great richness and depth for those who follow it. This short introductory book touches on the basic beliefs and practices of Irish Polytheism as well as other important topics for people interested in practicing the religion using a Reconstructionist methodology or who would just like to know more about it. Explore the cosmology of the ancient Irish and learn how the old mythology and living culture show us the Gods and spirits of Ireland and how to connect to them. Ritual structure is explored, as well as daily practices and holidays, to create a path that brings the old beliefs forward into the modern world.
