

Essentials of Paramedic Care Update + Student Workbook Pkg

This book is the update to the Essentials of Paramedic Care, 2nd edition, which is the first text program to take students beyond the skills necessary to practice as a paramedic and into the underlying principles upon which those practices are based. Correlated to the U.S. Department of Transportation's 1998 National Standard Curriculum for EMT-Paramedic, this book provides the background content and skills coverage required for paramedic education.
