

## Postcards From the Hedge

In *Postcards from the Hedge*, Jill Appenzeller reflects on life, family, and human nature in the context of her ever-changing garden. The book is a collection of vivid vignettes that span all four seasons as well as decades of memories both in and out of the garden. From *Gossip Girls*, the story of the neighborhood kids organizing a garden club, to *I Don't Want It Perfect I Want It Tuesday*, about all the things that never get done in life as well as in the garden, this is the story of humbling failures and unexpected surprises, of friends and friendships, and the gift of being present in the moment. Filled with humorous anecdotes and surprising insights. *Postcards from the Hedge* explores what gardening can teach us about ourselves and the world we live in.
