

Traveling Light: A Year of Wandering, from California to England and Tuscany and Back Again

Here is a travel audiobook with a difference: 10 chronological chapters from a year of wandering, from the Pacific Northwest to Tuscany and back again to the trout-laden streams of California. Join Bill Barich as he travels the globe, from the trout streams of Northern California to the auction ring at Saratoga, where millions of dollars may be gaveled away for a yearling thoroughbred; from seedy London pubs to a run-down Florentine palazzo during a glorious Italian spring. Learn the science of English beer brewing, the art of fly tying, how to generate hydroelectric power, the proper analysis of the Daily Racing Form, and the best way to eat artichokes. Freshness, wit, and Barich's distinctive voice create a luminous travelogue crackling with an inimitable curiosity and an elegance of style that marks every step of this remarkable journey.
