

Critical Moments in Qualitative Research, 1e

- * Demystifies research making it accessible for new researchers
- * Helps the researcher deal with issues such as:
 - *relationship conflicts
 - *structural constraints
 - *crises of confidence
 - *writing blocks
 - *the difficulties of being a student or a supervisor
 - *choosing between the multitude of methodologies and methods
 - *tells stories that are often silenced in official research documents
 - *understands that research is more than a systematic, linear process
