

# Scottish Sport Climbs: Scottish Mountaineering Club Climbers Guide

This is the first definitive sport climbing guide for Scotland, written by 18 of the leading Scottish sport climbers. The guidebook includes 1300 routes, from grades 3 to 9a spread across over 100 crags from the Central Belt to Shetland and Arisaig to Aberdeen. It is lavishly illustrated with action photos for each main crag, easy-to-use maps and photo diagrams, and a colour-coded route grading system. The guide covers sport climbing as well as all Scotland's world-class dry tooling routes. The landscape format is designed to lay open at the crags, and the cover flaps contain useful reference information for those new to sport climbing as well as climbers visiting from other countries. Sport climbing has a wider audience than traditional climbing; with quick drying accessible crags, it suits the busy modern climber and the family-friendly climbing day.
