

## Developing Your Career in Nursing

Developing Your Career in Nursing is an accessible guide to help you choose your initial or continuing nurse training, and to plan your future career. Packed with information about what it is really like to be a nurse in hospital settings and the community, the authors cover work with adults, children, people with learning disabilities, and in mental. The book is enhanced by case studies, anecdotes and reflective exercises. It builds a complete picture to help readers choose the right career path.
