

## Nursing History Review, Volume 19

Nursing History Review, an annual peer-reviewed publication, is a showcase for the most significant current research on nursing and the health care history. Contributors include national and international scholars. They also represent many different disciplinary backgrounds. Regular sections include scholarly articles, reviews of the best books on nursing and health care history, invited commentaries, and abstracts of new doctoral dissertations on nursing and health care history. Historians, researchers, and individuals fascinated with the rich field of nursing will find this an important resource.
