

Inherited Sin And Other Myths

Many churches teach that we inherit a sinful nature from our parents. The Calvinist Doctrine of Total Depravity teaches that man is totally evil and corrupt from birth due to this sinful nature being passed on from our parents. Babies are baptised to cleanse them from this inherited sin. The baptismal rite practiced by Roman Catholicism is basically an exorcism to cast out the evil inherent in the new baby. This book examines the Bible teaching concerning sin and proves that our condemnation is solely due to our own committed sins and is not a product of inheritance from our parents.
