

To Improve Health and Health Care Volume X: The Robert Wood Johnson Foundation Anthology (Public Health/Robert Wood Johnson Foundation Anthology)

Since 1972, the Robert Wood Johnson Foundation has been the nations largest philanthropy devoted exclusively to health. To further its mission of improving the health and health care of all Americans, the Foundation strives to foster innovation, develop ideas, disseminate information, and enable committed people to devote their energies to improving the nations well-being. As part of the Foundations efforts to inform the public, To Improve Health and Health Care, the tenth volume in the Robert Wood Johnson Foundation Anthology series, provides an in-depth look into the programs it funds. Written for policymakers and practitioners, as well as interested members of the public, the series offers valuable lessons for leaders and educators developing plans for the coming years.
